Message from Nelly Trevelyan:

I am standing as a Liberal for the District Council because the voice of the local community needs to be heard. In order to keep our rural economy alive we need new radical thinking

I have lived in Spaunton for 27 years, farming and bringing up children. This gives me a good picture of the needs of our community. I will encourage the use of local produce in our schools, restaurants, hotels and shops. We don't want this area to become a theme park.

As a newcomer to local politics I expect to be doing a lot of learning, listening and consulting.

I look forward to discussing issues with you between elections particularly as your councillor. I would be privileged to represent you in the Dales ward.

- Ryedale should have an Environment Committee
  - All council decisions should be reviewed from an environmental standpoint.
- Ryedale must, as part of the National debate, discuss the release of commercial GM crops into Ryedale - Hopefully calling for a GM free Ryedale.
- Ryedale's policies on housing are in urgent need of change
  - Second homes are driving up the price of housing to such an extent that young people are unable to get on to the bottom of the housing ladder - certainly in the Dales and Cropton wards.
- Planning in Ryedale must be improved - not a question of speed but one of making the right decisions.
- Transport policies are clearly failing. There is a need to stop the growing amount of traffic. A policy of ever increasing traffic is **TOTALLY UNSUSTAINABLE.**
