Liberals on Ryedale District Council are ***opposed to Fracking:***

- We proposed a complete ban in Ryedale. This was defeated by the Tories and Independents.
- We proposed a five year moratorium on Fracking. We were successful.
- If elected we will call for a renewal of the five year moratorium THIS YEAR.

Liberals on Ryedale District Council succeeded in making the council update its Climate Change Policy:

- It was 10 years out of date.
- We will ensure they deliver it.
